Disclaimer

Every attempt has been made to give accurate information, but performance and range figures are estimates given as a guide only. Dirt or smooth on the hull, running of the engine, size, make of engines fitted, damage to propellers, the temperature of the air and water, the weight of fuel, water, stores, number of people, propeller pitch, quality of fuel and other matters, can all affect a boat’s performance and range. For these and other reasons we can give no performance, range or other guarantee, and neither such guarantees nor anything contained herein constitute an offer of contract or any representation or agreement, or may otherwise be relied upon. The photographs and artist’s impressions in this brochure are of existing models in the Sunseeker range. There may be items shown in those photographs and artist’s impressions that are not included in the standard inventory of the models shown. Specifications contained on the website are samples only and should not be relied upon and may refer to models only intended for sale in a particular territory and not generally. No guarantee is given that any model will be available in any territory; however, by contacting us we can advise you of models that are likely to be available in each territory. Actual specifications will be provided when a sales order or enquiry is placed with us or our approved Sunseeker dealer. Specifications for models sold in different markets may vary and specifications and models may be changed or withdrawn at any time without prior notice. The individual specification for each vessel will be agreed as part of the sale contract between the purchaser and the Sunseeker dealer.
